As a foster parent, you will be required to keep your foster dog(s) on a leash or enclosed (within a fence adequate for the animal or in a home) at all times. Foster cats must be kept indoors at all times. By initialing below, you acknowledge that you will abide by these provisions. Initial: _____

As a foster parent, you may have an animal in your care for a short period of time (1 week) or an extended period of time (as many as 3 months or more). This will frequently be determined when you receive an animal to be fostered. However, this amount of time is subject to change depending on circumstances at the shelter. If you know that you will be on vacation during the period of time you are being asked to foster, you are obliged to inform Animal Outreach of such. This will allow us to find the most suitable temporary accommodations for your animal.

All new foster parents must read and acknowledge written materials and follow up with an in-person interview/ orientation. You will be sent the reading materials and appointment will be set up for the interview. While the animal is staying with you, we will call to make periodic checkups on the animals' progress and to discuss any concerns and/or needs you may have.

As a foster parent, we want you to know that by fostering an animal, you are personally helping to save animals from being euthanized. If not for our foster homes, animals would be sent directly to facilities that may possibly have to put animals down because there is no room for them. Usually, this is an option of last resort, but it does happen on a regular basis in some facilities.
